MAKES GOOD HIS ESCAPE

Jack Johnson is Safely Outside United States Jurisdiction.

NEGRO PUGILIST OUTWITS THE LAW

With Year's Sentence Hanging Over Him, Finds Refuge in Montreal.

Washington, June 27.—Jack Johnson has made good his escape from the United States for the time being at least, and can neither be extradited or deported from Canada, according to the latest official statement here.

Johnson, it has been learned, is traveling on a tourist ticket and Canada cannot return him because her immigration law does not exclude a transient alien in such circumstances. Johnson's offense is not extraditable in Canada. Officials here were making an effort today to have the negro returned to this country under Canada immigration laws, but it has failed.

If the United States circuit court of appeals sustains Johnson's conviction, his one year sentence for violating the white slave law will be enforceable any time he returns to the United States.

Effort at Deportation.

The federal government was today considering quick measures to have Canada deport Jack Johnson, under a year's sentence for violation of the white slave law. Officials of the department of justice today began an investigation of the negro's presence in Montreal and gave particular attention to the statement of Charles F. Dewoody, special agent at Chicago, that, although the offense of which Johnson was convicted is not extraditable it is the custom of the Canadian authorities to expel aliens convicted of crime.

Officials commend Mr. Dewoody's statement that the offense is not extraditable and pointed out that when the case was before the supreme court on the question of bail, the government attorneys declared that if Johnson escaped to Canada he could not be extradited.

MESSAGE RELAYED AT KENDALLVILLE

Waterloo Boy Scout Turns Packet Over Shortly After Noon.

AWAY TO LIGONIER

(Special to The Sentinel.)

Kendallville, Ind., June 27.—Harry Altenberg, a Waterloo Boy Scout, ran the final half mile from Waterloo to Kendallville, and turned President Wilson's Washington-to-Chicago message over to Carl Orstadt, of this city, in front of the mayor's office at 12:39 o'clock this afternoon.

The local lad was off like a flash in the direction of Ligonier, at which place the Kendallville scouts are to relinquish their charge to the Ligonier organization. The distance is eighteen miles.

The scouts were a few minutes ahead of the schedule on arriving here and the Waterloo scouts made the thirteen and one-half miles in excellent time. Two official automobiles arrived with the lads to pick up the runners as they finished their runs of one mile, or one-half mile, according to their physical ability.

It was given out here that the message would be delivered in Chicago Saturday noon.

BOARD EMPLOYS VISITING NURSE

Miss Shively to Obtain All Possible Information on Tuberculosis

TO SUBMIT REPORTS

Miss Sylvia Shively, a graduate nurse of the Lutheran hospital training school, has been employed by the Fort Wayne Anti-Tuberculosis society as visiting nurse for the organization and will start on her official duties next Monday. In order that she may officially enter homes where tubercular sufferers reside, officials of the society will ask that she be appointed a member of the board of public health as a sanitary official.

Miss Shively will be required to visit every tubercular sufferer in the city and obtain a complete history of each case. She will then compile a complete report giving the duration of illness, the probable cause, and in securing the former wage earning capacity of each victim of the disease, figure out the loss to the city, financially through the results of the disease. For this work Miss Shively will receive a salary of \$75 a month.

She will call upon the patients regularly and will instruct them as to treatment and she will also conduct an educational campaign through the newspapers, in an effort to teach the prevention of tuberculosis. Miss Shively will also ascertain how many of the tubercular sufferers in Fort Wayne are willing to become residents of the proposed open air colony, and what percent will be financially able to pay for treatment received there.

TEN ONE-LEGGED MEN ALL SEATED IN A ROW.

Edwardsville, Ill., June 27.—Ten one-legged men sat in a row in Judge Hadley's court room yesterday when the suit of Walter Taylor against the Commonwealth Steel company, of Granite City, was called. Taylor seeks damages under the workmen's compensation law for the loss of a limb.

An offer to settle for \$1,700 was made by the company, and the one-legged men were in court there testifying that a man crippled as Taylor is, can find employment which will pay him from \$2 to \$3 a day. Their testimony was not heard, as the court referred the case to a board of three arbitrators.

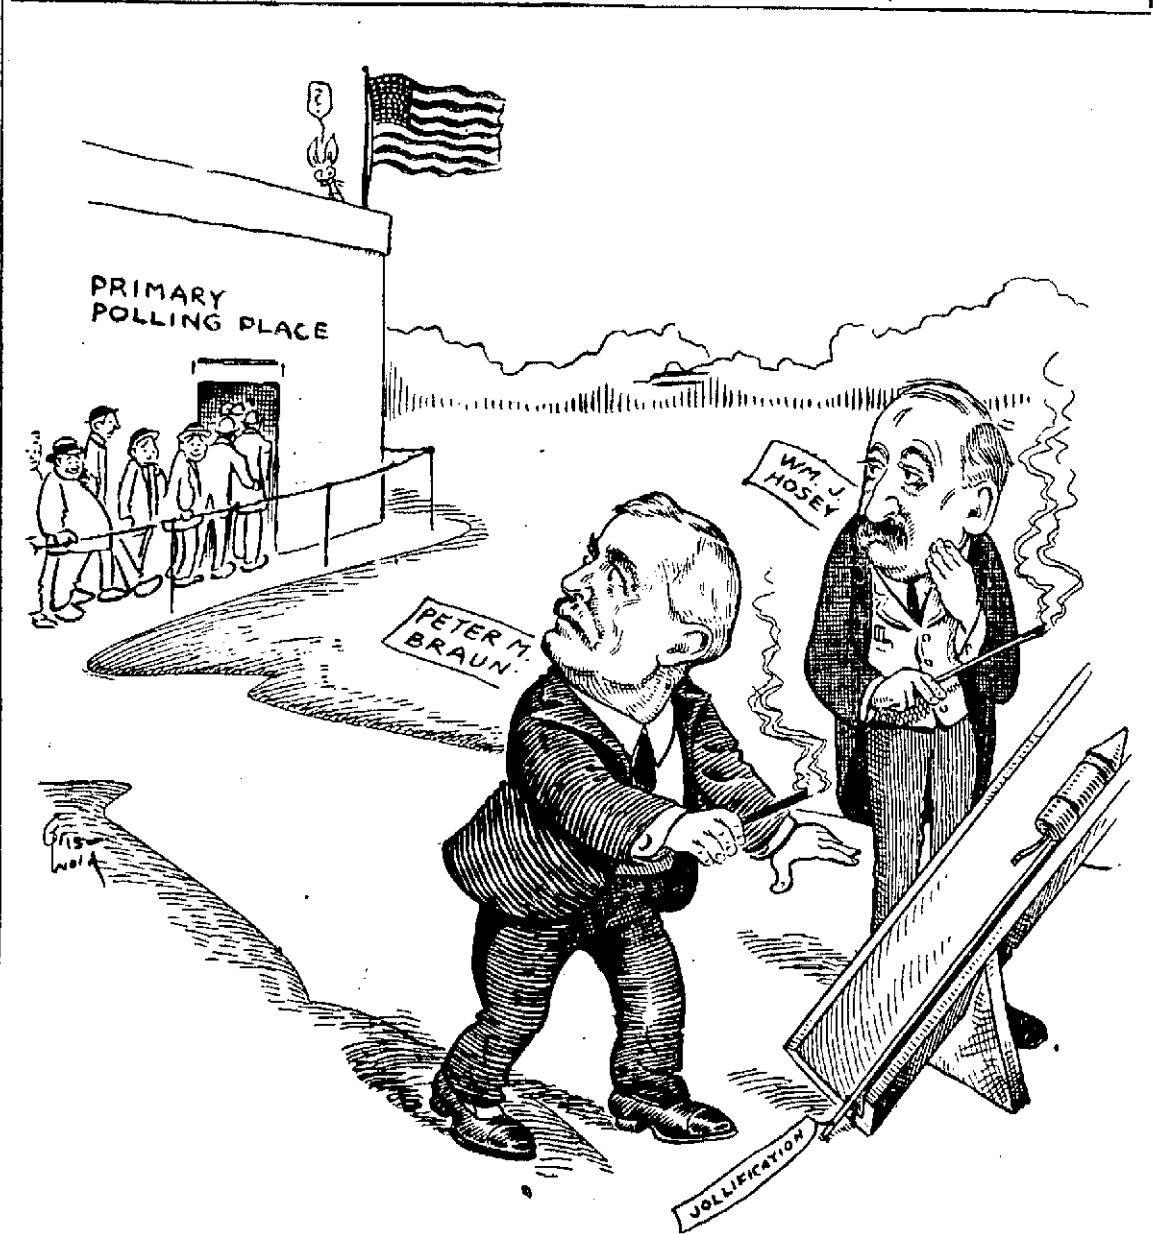

NEW VISITING NURSE DID NOT WANT HER PICTURE IN NEWSPAPER.

MISS SYLVIA SHIVELY.

"Oh, I think it's just horrid to put my picture in the paper; I do, honestly, and I would have much preferred that nothing be said about my appointment." That is the view of Miss Sylvia Shively, who has been chosen visiting nurse for the Fort Wayne Anti-Tuberculosis society. Miss Shively finally consented only upon the ground that its publication might aid in the great work she is undertaking in Fort Wayne.

Whose Fireworks Will It Be?

FORTUNE HINGES ON HER WEDDING

Miss Smith Must Submit Her Choice to Board of Five or Lose Million.

TWO BARRED ANYHOW

New York, June 27.—Under the terms of the will of Mrs. Caroline F. Butterfield, who died here a year ago, her fortune, appraised yesterday at nearly a million dollars, will go to her granddaughter, Miss Doretha Ballard Smith, aged 20, provided the young woman does not marry either of two young men specifically mentioned and submits her ultimate choice of a husband to a board of five persons, named in the will, for approval.

The pretty young heiress loses the fortune if she marries either of the sons of the former Mrs. Eleanor Phelps McKee, now the widow of Henry Sedley, with whom Mrs. Butterfield had a disagreement some years ago. In any event, however, the young woman will some day come into ownership of her grandfather's estate, which is nearly equal to that which the grandmother leaves conditionally. The heiress has not seen the two Sedley boys since she was seven years old, when they were neighbors.

PROPER FIT FOR WOMEN'S SKIRTS

Supplies Theme for Heated Discussion on Very Hot Day.

PISTOL POCKET NEW

New York, June 27.—The much mooted question of the proper fit for women's skirts was a feature of discussion at the National "Yes" Tailors and Dress Makers' convention which began here today with delegates present from all parts of the country. It appeared a general opinion that narrow lines would continue to hold popular, with the trouser effect still a favorite among the ultra fashionable. The New York delegates were firm for skirts a yard around while Chicago representatives insisted upon a little leeway, a yard at the front and one at the back. Louisiana delegates were the most conservative, sticking to a two yard skirt, no slashes, and shirt waists instead of a three piece suit.

The pistol pocket was an innovation credited to the Chicago tailors and seemed to be generally accepted as a good idea. One or two pockets were suggested and if women did not care for the pistol they might carry their powder puff in one and the purse in the other.

THEY TALKED OF BURGLARS

Smashing Fight Which Follows Due to Case of Mistaken Identity.

EACH BELIEVED OTHER A ROBBER

Light Halts Desperate Battle in Darkness—The Indiana News.

Columbus, Ind., June 27.—Raymond Norton, of Clifford, and Raymond Fulp, of Taylorville, Bartholomew county, mistaking each other for burglars, fought at the home of the latter until three chairs were broken and a window knocked out. Then they realized their mistake and stopped.

Norton had gone to Fulp's home to help him harvest. In the evening they sat out doors and talked about burglars. When bedtime came they went to sleep. Norton walks in his sleep and that night he arose and entered Fulp's room. Fulp awoke and thought he saw a burglar by his bed. He grappled with Norton and the shock awakened Norton. The latter thought a burglar had hold of him and he began fighting. They knocked over chairs, striking and clenching. Members of the family were aroused and a light was brought. Then the men recognized each other, grinned sheepishly and went back to bed.

SHE'S DR. MARY NO. 2.

Could Prove It If "Doc. No. 1." Were There, Says Woman in Jail.

REMARKABLE BOY THIEF.

Youngster of 13 in Jail at Lafayette Puzzle to Police.

Lafayette, Ind., June 27.—A remarkable boy thief, aged 13, is in jail here. In the last two months he has committed a hundred different thefts of money and valuables. He stole a revolver from a hardware store and took it to a pawnshop to sell. When the proprietor's back was turned he stole another revolver and then stole clothing and jewelry from neighbors and in a large number of stores.

(Continued on Page 2, Column 2.)

PLENTY MORE OF THIS IS COMING

Weather Man May Smash All June Heat Records in Indiana.

STATE IS SIZZLING

Indianapolis, Ind., June 27.—Today gives promise of breaking the season's record for hot weather in Indiana and there is no relief from the high temperature in sight, according to weather sharks. At 7 o'clock this morning, the mercury in the local government thermometer stood at 80 degrees and then began a steady procession upwards. At 11 o'clock it had reached 91 degrees, the highest for that time of day in the year, and it gave no evidence of leaving off there. The highest temperature recorded here for the year was 96 on June 19.

The weather man says the heat will last indefinitely and there is no more rain in sight. The scientific cause for the "hot spell," the weather bosses say, is an area of barometric high pressure in the southeast and a low pressure area in the northwest.

A good breeze out of the southwest today alleviated conditions to some extent.

Still Going Up.

Terre Haute, Ind., June 27.—With the thermometer at 95 at noon and slowly rising the hottest day of the year was predicted by Weather Forecaster Cade today. Judge John E. Cox, of the superior court, who is hearing the \$100,000 suit of Fred Kouke against the Big Four railroad for the loss of his legs, permitted attorneys, court attaches and witnesses to appear in court earlier for the first time this year.

Prostrations at Evansville.

Evansville, Ind., June 27.—With the street level temperature 104 degrees at 11 o'clock today according to the weather bureau kiosk, and steadily climbing, it is believed that all records ever made in this city for summer heat will be surpassed by tonight.

The extreme sultriness is tempered only with faint breezes. The long duration of hot weather, unbroken except on last Saturday by a slight rain, is beginning to tell. Numerous minor prostrations are reported today.

Some Registered Higher.

South Bend, Ind., June 27.—The thermometer registered 93 here today although unofficial devices registered several degrees higher. The intense heat was tempered by cool western breezes.

NOW IN GOVERNOR'S HANDS.

Pennsylvania Executive Will Sign Public Utilities Bill.

Harrisburg, Pa., June 27.—The public utilities bill, a measure that has been discussed for more than two years in Pennsylvania, is now in the hands of Governor Tener. There is no doubt that he will sign the bill.

The bill provides for a commission of seven members who shall serve ten years at a salary of \$10,000 a year. The commission will have the power to make rates, change train schedules and in other ways regulate the side of public service corporations. More than two dozen kinds of public service corporations will come under the provisions of the act which will be officially known as the "public service company law."

DELAYS TRIP TO SUMMER CAPITAL

Wilson Defers His Outing to Press of Official Matters.

WILL GO NEXT WEEK

Washington, June 27.—President Wilson at 3:30 o'clock today abandoned his plan to leave for Cornish, N. H., tonight and will not go until the early part of next week. He had before him the plan for dissolution of the Union Pacific merger and other questions to be settled before his departure. His family will leave as scheduled tonight.

Senator Kern, majority leader, conferred with the president about the work on the democratic caucus next week and advised him not to cut his trip to Cornish on that account.

The president was told by Representative Underwood that the house would do practically no business next week, as many of the members were planning to go to the Gettysburg celebration.

Senator Kern told the president he expected the caucus to finish its work by Wednesday and that the senate probably would adjourn until the following Monday, so that it will be unnecessary for the president to return from New Hampshire so soon.

FORT WAYNE BABE SCALDED TO DEATH

Infant Child of Henry Hoff Falls Into Tub of Boiling Water.

AT HARTFORD CITY

An eighteen-months-old child of Mr. and Mrs. Henry Hoff, residing at the corner of Savilla and Indiana Avenues, this city, died early Friday morning at Hartford City from scalds suffered Thursday afternoon when the little one tumbled into a tub of boiling water. The child was one of twins. The mother and her babe had been visiting relatives at Hartford City for several days.

Thursday afternoon while the mother was in the back yard hanging out clothes that had just been washed, one of the tiny children toddled to the tub that had just been removed from the stove, and in some manner fell into the boiling water.

His cries quickly brought the mother and other relatives. The baby was terribly burned, and in spite of immediate medical aid rendered, passed away this morning.

The remains have been shipped to Fort Wayne and will arrive here this evening.

SEEMS FOOLHARDY ACT.

Two Will Attempt to Cross Atlantic in 14-Foot Motor Boat.

New Bedford, Mass., June 27.—An attempt to cross the Atlantic in a 14-foot motor boat will be made the last of July by Lawrence Erhard and T. Johnson, of the revenue cutter Arushnet. The men will start from New Bedford and expect to reach the English coast within forty days. They will use an open boat provided with a canvas spray hood and air tanks. In addition to the motor it will be equipped with sails and oars.

Erhard is 28 years old and a native of Germany. Johnson was born in Sweden, twenty-two years ago.

BULLETIN.

Anthony Gerard, 1440 Lillie street, a Wabash crossing watchman, who sustained a fall from a signal pole at 4 o'clock Thursday afternoon, died at St. Joseph's hospital at 2:30 o'clock this afternoon as a result of his injuries.

ENTIRE PLOT TO BE BARED

Committee Going to Bottom of Impersonation of Congressmen.

PALMER'S STORY GIVES NEW SHOCK

Subpoenas to Be Issued at Once for Lawyers and Wall Street Men.

Washington, June 27.—Subpoenas will be issued at once by the senate lobby investigating committee for Lewis Cass Ledyard and Paul D. Cravath, New York attorneys, and for David Lamar, a Wall Street man, to appear next week in connection with its investigation of the charge that the names of congressmen are being used to secure influence with financial men.

Mr. Ledyard and Mr. Cravath are understood to have additional information that they are willing to give the committee. Both were referred to by Robert S. Lovett, chairman of the board of the Union Pacific, as having been recipients of mysterious telephone calls that purported to come from congressmen.

It Astonished Them.

The story told the lobby committee last night by Representative A. Mitchell Palmer, of Pennsylvania, has astonished congressional circles, and resulted in a demand from many quarters that the senate committee use every effort to find the men responsible. Mr. Palmer testified that Lewis Cass Ledyard had been called repeatedly by a man who represented himself as Mr. Palmer. The attorney took the precaution to learn that Mr. Palmer was not in New York, however, and then kept the congressmen informed of developments until evidence had been secured strongly indicating whom the calls came from.

"We will go to the bottom of this thing," said Chairman Overman, of the senate committee, today. "Mr. Ledyard, Mr. Cravath and Mr. Lamar will be asked to appear, and others may be asked later."

Others Urging It.

The committee will resume its hearings next week after the senate democratic caucus has finished with the tariff bill. Speaker Clark, Representative Underwood of Alabama, Representative Henry of Texas and others whose names were used in conversations with financial men are urging the committee to push its inquiry.

Representatives Palmer and Riorden are the only congressmen whose names have thus far been given as having been impersonated over the telephone.

CUPID'S BUSIEST MONTH.

Chicago, June 27.—This is cupid's busiest month in the history of the county. All marriage license records were broken yesterday when the clerk's office showed that a total of 3,870 permits to wed have been issued so far this month. The highest previous record was in June, 1911, when 3,637 licenses were taken out.

MARRIED PERSONS LIVE LONGER THAN UNWEDDED.

Chicago, June 27.—Married persons live longer than those who are single, according to statistics gathered by Dr. C. St. Clair Drake, of the city health department, and made public today. He has figured out that the death rate of Chicago bachelors is 20 1/2 per cent higher than that of married men. The mortality rate of unmarried women is 40 per cent higher than that of married women, he says.

The bachelor rate of death in Chicago is 10.8 per 1,000, while the rate for married men is 15.3. The rate of single women is 14.3, while that of those who marry is only 10.3.

Mr. Rahe's Intruder

FRANK J. RAHE had an exciting experience during the state convention of the furniture men at Indianapolis. But Mr. Rahe isn't the only one that got excited.

"I was stopping at the Claypool," said the furniture man, when asked to tell about it, "and on the night in question I had retired and was sleeping soundly when I became suddenly aware of the presence of someone else in my room about 3 o'clock in the morning. When I opened my eyes, I was startled to find a man standing there. He had turned on my electric light and the place was aglow. For a few seconds I sat up in bed and looked at him. Then he started to speak.

"I found your door unlocked," he said, "and I came in to—"

"But I didn't want to hear any more. I saw I was defenseless if I stayed there in bed, so I jumped out and grabbed the fellow and thrust him into a closet. He didn't resist very much, and when I got him inside I slammed the door and locked it.

"Then I called the hotel office by the phone, and they came rushing up to see what was the matter. I told them as best I could, and we opened the door to let the man out so the authorities could take him away.

"When he came out he wore a broad grin, and then everybody else laughed. Then they explained to me that the man

Slammed the door.

was the house detective, and that in inspecting the halls he found my door unlocked. He merely came in to tell me to be more careful. And I guess he thinks I was anything but careful."

SHRINE PICNIC

IS ON AT PARK

Baseball Games, Contests
and a Chicken Supper
All on the Program.

'T'WILL BE SOME TIME

They started for Germania park in automobiles at 1:30 o'clock this afternoon from the Commercial club, but before leaving, members of the Mizpah temple patrol band, who are giving the annual shrine picnic today, refused to state when they would return.

No trouble is anticipated as the outcome of an old feud, but Brown Cooper, captain of the Nomad band's railroad baseball team declares that he will again defeat the patrol's aggregation. The band defeated the patrol last year, and ever since the patrol members have been practicing for the game this afternoon.

A regular ball game between the two patrols of the shrine will open the athletic events this afternoon, and the railroad game between the patrol and band will follow at 4:30 o'clock. At 5 o'clock the patrols will drill and the band will render a concert. During the drills, the new patrol, organized only a few weeks ago, will give a movement of fifty-seven numbers without a single command.

The annual chicken supper will be spread at 6 o'clock and to tell the exact number of fowls that will be devoured would only excite comment. Music, speeches and other things will follow the supper.

The picnic this year is open to the entire temple membership. Prior to this time the annual frolics have been held only for the patrol and band and their associate members.

MAKES GOOD HIS ESCAPE

(Continued from Page 1)

The department of justice communicated with Chicago by wire to ascertain all the conditions of the negro's bail and the circumstances of his absence from the country.

Arrives in Montreal.

Johnson admitted last night at Montreal that he intended to sail for Europe next Tuesday to engage in fights in St. Petersburg, said Johnson. He said he did not intend to forfeit his bail bond, which calls for his presence next November in Chicago, where he is under sentence on a white slave charge.

Johnson, accompanied by his white wife, arrived in Montreal early yesterday, having come direct from Chicago. During the day, in an effort to avoid newspaper men, he moved half a dozen times from houses in which he had engaged rooms. Last night, however, he called a newspaper office on the telephone and outlined his plans.

"I will remain in Montreal until next Tuesday, when I am booked to sail for Europe," said Johnson. "I intend going direct to St. Petersburg, where I have a contract to fight Sam Langford and Gunboat Smith. These fights will be pulled off some time in September."

Johnson stated that the immigration authorities made no effort to stop him at the Canadian line. He claims that there is \$25,000 due him in Toronto and he came this way to collect it before leaving for Europe. He said his bail bond only required his presence in court next November and he has no intention of forfeiting this bond, but will return on the date set for the hearing of his appeal from the conviction in the white slave case.

About two months ago Johnson started for Canada, but was apprehended at Battle Creek, Mich., and brought back. At that time he was under bonds aggregating \$50,000. Johnson was admonished then by Judge Carpenter that he must remain within the jurisdiction of the court.

JACK MUST SHOW 'EM.

If He Has That Through Ticket, He Must Use It Quickly.

Ottawa, Ont., June 27.—If Jack Johnson, the negro pugilist, does not at once prove to the immigration officials at Montreal that he holds a through ticket to France or St. Petersburg, as he maintains, he will be arrested and sent back to Chicago as quickly as the machinery of the law will permit. Further, if Johnson holds such a ticket, he must use it without delay. This announcement was made today by the Canadian immigration department after the receipt of a telephone request from the United States vice consul in Montreal that the negro be deported. Johnson came into Canada through Windsor, Ont., last Wednesday.

WILL BE DETAINED.

Montreal, Quebec, June 27.—Jack Johnson will be detained here pending official advices from the immigration department at Ottawa, it was stated today by the local immigration authorities. The pugilist visited a local newspaper office today seeking information as to the attitude of the United States authorities towards his departure. He said that while he was leaving for Russia, he had been told by a United States government special agent named DeWoody that nobody could stop him as he was out on bail. He asserted that he did not intend to run away and was ready to give himself up if wanted. Otherwise he would sail for Europe Sunday.

THEY TALKED OF BURGLARS

(Continued from Page 1)

he pilfered small articles. The police found a large supply of stolen goods at the home for his foster-parents.

SECOND VICTIM MAY DIE.

Mechanic Agan Not Expected to Survive His Injuries.

Indianapolis, June 27.—Frank Agan, the mechanic, who was injured when Harry Martin's racing automobile struck the retaining wall at the Speedway yesterday and rolled over on its side, killing Martin, is not expected to live. Agan, who is in the City hospital, suffered a

fractured skull and injuries to the chest, which, it is believed, will prove fatal. No arrangements for Martin's funeral had been made early today.

HAS A COFFIN; DOESN'T NEED IT.

But Has No Notion of Selling It Back to the Undertaker.

Kokomo, Ind., June 27.—Mrs. Susan Hobbs, 73, of Clinton county, has a coffin on her hands and everything ready for her burial, but is not ready to use them yet. A short time ago, Mrs. Hobbs was stricken with paralysis and began plans for her death. She gave special orders for the purchase of her coffin and shroud and then got well. Mrs. Hobbs says she has no notion of selling her coffin back to the undertaker.

"I know if more people looked upon death as near at hand and prepare for it," said Mrs. Hobbs, "the world would be better off and those left behind less burdened and less embarrassed." She said she would leave the selection of the text of the funeral sermon to her relatives. Mrs. Hobbs has lived in her present home for forty-three years.

New Bedford, Mass., has equipped its water department with motor trucks.

Saves Miles of Steps—Low Fixed Price

The Old Way

This picture shows the average kitchen (yours perhaps). See how you must walk back and forth from table to stove, from stove to pantry, from pantry to cupboard, and over it all again dozens of times daily. With the Hoosier you can sit in one spot, everything before you, and save hours of time.

Which Kitchen Is Like Yours?

The Hoosier Way

This picture shows the same kitchen with a Hoosier replacing the table. See how you can sit down at work and reach for what you need.

Everything is at your fingers' ends. Backache, tired feet, nervous trouble that comes from exhaustion, all disappear when the Hoosier comes.

Why Destroy Your Health

By Walking Miles in an Out-of-Date Kitchen

Every physician will tell you that indoor walking is injurious. This week is your opportunity to save miles of weary steps. But the week is slipping fast—eventful Hoosier week—the week that makes cooking easy for the few women who can enroll in the Hoosier club. One of these women may still be you—if you call early. Are you a lucky Hoosier member? Why then delay when perhaps you have

Only One More Day to Get Your Hoosier for \$1.00

We have no promise of another Hoosier Club. The Hoosier Company has complete control. You may have to wait months—a year for this lightening of your household labor—if you miss this opportunity to save miles of steps, hours of weary standing.

You are needlessly wasting strength and sapping health and spirits every hour you go without a Hoosier.

Call tomorrow early and you can have one delivered by night—all for payment of \$1.00. And only \$1.00 a week required in dues—the dues that pay for your Hoosier.

Remember the low fixed price is established everywhere by the Hoosier Company to give you full benefit of the cost saving from enormous output. Half a million progressive housewives have already installed this greatest of all household conveniences in their kitchen.

For all these kitchen work is now easy.

No more walking back and forth between table and pantry and cupboard—spending time and getting exhausted in miles of useless steps.

Everything they need in cooking is within reach of their arm—they sit instead of stand.

Result—happy, rested women, with time and inclination for the pleasure that makes life worth living.

Unless you come in early tomorrow, we cannot promise you a Hoosier Club Membership. We are having scores of callers—and one sight of the Hoosier means a prospective member.

We would like to give every woman in town a Hoosier cabinet on Hoosier Club Terms—but we are limited by the enormous demand to far less cabinets than we need.

If you want to be one of the few lucky members, call tomorrow early.

TWO BEERS AND A SWIG OF BOOZE

That's All Jim McElroy

Had, But It Made Him

Throw Fits.

NEWS OF THE POLICE

Jim McElroy had taken but "two beers and a mouthful of booze," according to his tale to Judge Mungovan, but they were enough to make him throw fits and do a ground and lofty tumbling stunt in the vicinity of Lavina street and Broadway that drew a big gallery and made an impromptu posse necessary. When Officer Harris arrived McElroy was furnishing seating accommodations for half a dozen husky men, who had all they could do to hold him down. He shrieked, howled and moaned, frothed some and struggled until a large part of his clothing was torn off. Judge Mungovan let him go because willing workers are hard to get in this city and McElroy is a worker.

Rah-Rah Boys Pay Fine.

A youth just home from dear old alma mater for the long vacation poked his comely face into the ticket window of the Crystal theater on West Main street and said to the pretty ticket-seller, "Hello, central, give me heaven." The comely face was pushed right out again and the rah-rah boy used language forbidden in public—language that is the peculiar aggravation of Judge Mungovan. He was fined \$5 and costs and settled. Officer Smith saw the incident and heard the young man's foul talk and sent him in. He was registered as Howard Foster, an assumed name that sounds good enough for the stage.

Beagle Case Continued.

The case against Fred Beagle for wife desertion was continued thirty days. The couple have repaired the breach in the conjugal relations, the husband's divorce suit has been dismissed and they will try to get along. The charge against Beagle will be dropped if no further domestic trouble ensues.

Four Slaves and a Pole sat en banc in police court and explained that Cleveland was not a full of life as Chicago, to which city they were en route via the Nickel Plate when run in here for vagrancy. They were sent forth.

MINOR POLICE NOTES.

Detective Sergeant Walter Immel has gone to Jackson, Mich., to bring back E. W. Canes, charged with wife desertion. Canes moved his family into a house in Bloomington, telling his wife he had rented it. Then Joseph P. Martin, the plumber, came around to see who had moved into his property without consulting him. Canes fled, leaving his wife destitute and his wife filed an affidavit charging him with desertion.

It has been learned by the police that the parents of Andrew Jackson, who fell dead in his cell last Saturday, reside in Pittsburgh. Schone & Ankenbruch will ship the remains to that city.

TO MANUFACTURE GANG-PLOW.

The newly incorporated Eagle Manufacturing company, of this city, promises to put on the market, in time for spring deliveries, a motor gang-plow at a price which many farmers can afford to buy. It is also said the new plow will be practical and economical, and will cut closer into the corners of fields than other machines now on the market. The new company has the following directors: H. F. Schneider, W. J. Barth, Frederick Kreibbaum, Dallas F. Green and Charles E. Orr.

Now On

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 5:27-39.

27. And after these things he went forth, and saw a publican named Levi, sitting at the receipt of custom; and he said unto him, Follow me.

28. And he left all, rose up, and followed him.

29. And Levi made him a great feast in his own house, and there was a great company of publicans and of others that sat down with them.

30. But their scribes and Pharisees murmured against his disciples, saying, Why do ye eat and drink with publicans and sinners?

31. And Jesus answering said unto them, They that are whole need not a physician; but they that are sick.

32. I came not to call the righteous, but sinners to repentance.

33. And they said unto him, Why do the disciples of John fast often, and make prayers, and likewise the disciples of the Pharisees; but thine eat and drink?

34. And he said unto them, Can ye make the children of the bridechamber fast, while the bridegroom is with them?

35. But the days will come, when the bridegroom shall be taken away from them, and then shall they fast in those days.

36. And he spake also a parable unto them: No man putteth a piece of new garment upon an old; if otherwise, then both the new maketh a rent and the piece that was taken out of the new agreeth not with the old.

37. And no man putteth new wine into old bottles; else the new wine burst the bottles, and be spilled, and the bottles shall perish.

38. But new wine must be put into new bottles, and both are preserved.

39. No man also having drunk old wine straightway desireth new; for he saith, The old is better.

VOL. LXXIV..... No. 263

FRIDAY, JUNE 27, 1913.

Standards of Service.

The Indiana public service commission has just taken up a series of conferences with experts in the lines of the various public utilities now serving the people of Indiana in a matter that is likely to have a very important bearing upon the operations of the commission. It is seeking information on which to establish a set of standards of quality of service rendered by these companies—a sort of yardstick of quality and efficiency by which to measure the service Indiana public service corporations are rendering to the people.

It is explained by the commission that when a complaint is made to the commission that this or that company is not giving good service to its customers, or that the quality of the product which it serves is poor, the commission will send an inspector to make an investigation as to the justness of the charges. In order that the inspectors may have a basis on which to work the commission proposes to establish a set of standards of service which the public service corporations will be required to live up to.

The first conference at the office of the commission related to gas. Three scientists, R. S. McBride, assistant chemist of the bureau of standards, Washington; Professor F. C. Mathers, Indiana university, and Professor John White, of Rose Polytechnic institute, Terre Haute, were present and explained to the commission the technical and scientific side of the gas question. Similar conferences will be held regarding electricity, water, telephone, telegraph, heating, street railroad, interurban, railroad and express business but the dates for these conferences have not been fixed. Naturally enough, the commission feels that if it is to be the arbitrator between the people and the public service companies, it ought to be in position to say what constitutes efficiency in service. We trust the commission may be able to decide a matter upon which many of the public service corporations and a large percentage of the people are hopelessly at odds the greater part of the time, but it must be admitted that an element of doubt persists in obtruding itself just when everything seemed lovely.

Representative Mann, of Chicago, in the house Thursday indulged in some drastic criticism of President Wilson and Attorney General McReynolds with reference to their action in the McNab case, and without the slightest difficulty arrived at a point in his conclusions that enabled him to confidently predict the downfall of the democratic party. Predicting democracy's downfall has been the one specialty in which the versatile Mr. Mann has outdistanced all rivals for several years.

The order of Postmaster General Burleson, effective July 1, making parcel post stamps valid on all classes of mail and ordinary stamps usable for parcel post business will relieve the public of a vast deal of annoyance and unnecessary red tape. It is doubtful if there ever existed any good reason for the creation of the parcel post stamp.

By the time the result of the primary voting is announced in Fort Wayne this evening, a rather imposing coterie of disappointed gentlemen are going to conclude that this thing of trying to save the country doesn't pay, anyhow.

IN DISINTERESTED HANDS.

(Kansas City Star.)

It is evident from the President's whole course that what he hopes to achieve for the banking and currency system is disinterested management—as far, that is, as the banking business affects the field of general financial welfare.

Whether any particular outline of a national law meets that general ideal one cannot presume to say. The president himself laid the stress upon the principle and not upon any one assumed method of applying it. Indeed, "disinterested management" of affairs in which the public's welfare is vitally concerned defines very well the whole purpose of this era's demand

for justice and righteousness. It has come to be seen that special privilege is best served by special management. In nation, state and city the people are discarding the old doctrines, fostered by special interests, that the tariff must be revised by its friends, that railroads must be controlled for public service by railroad men, that only lawyers can devise rules for lawyers and for courts, that only stock and bondholders must run street railways, that financial magnates are alone competent to determine financial policies and to direct financial policies.

The people wish only the square deal in controlling the relations of all special agencies of society and the people. They are demanding that those relations be placed for control with managers who have no special interests to serve, neither the special interests of politicians nor owners. They are insisting on truly disinterested management.

PRESS ON McREYNOLDS AND CAMINETTI CASE.

"Would Be Better."

Baltimore Sun:—"It would be better that the elder Caminetti should postpone his acquaintance with his duties than that the younger Caminetti should have his trial postponed, and this whether he be innocent or guilty."

"Scandalous Situation."

New York Evening Post:—"On its face, the telegram of resignation sent to President Wilson by District Attorney McNab, of San Francisco, seemed to disclose a highly scandalous situation."

"Disregard for Position."

New York World:—"Mr. McReynolds' flippant response to Mr. McNab's resignation—that 'he is only a republican'—exhibits a shocking disregard of the true responsibilities of a very distinguished position."

"Courage of Innocence."

New York Tribune:—"Secretary Wilson has exhibited the courage of innocence in assuming responsibility for an unwarranted interference with the even course of justice. He may not have realized that he was compromising the attorney general by making his improper request."

"New Freedom."

New York Mail:—"Can it be that the new freedom embraces freedom from justice for influential criminals as long as the law's delays can be utilized?"

"Demand Resignations."

New York Press:—"President Wilson has never yet failed to have a deep sense of the propriety that is incumbent upon public servants. But this example of the power of a 'pull' right in his own official family, ought to move him to immediate action which could not be more suitably exercised than in a demand for the resignation of his attorney general and his secretary of labor."

FINDING A NEW CREATOR.

(New York World.)

Ex-President Taft has found a new fashioner of his high political destiny. It used to be "My Dear Theodore" to whom, "next to my brother Charles," all was owing, and who would never be forgotten for having "voluntarily transferred" the presidency and "brought about the succession" of it to Dear Will. But at the Hamilton college commencement the ex-president declared that it was Senator Root who had "started me toward four years in the white house," and who is thus chiefly to be credited with the event of getting there.

It is certain that to Elihu Root Mr. Taft chiefly owed his second nomination. It was the senator whose skill held together the regular forces of the party and whose resourcefulness held the platform and the convention at Chicago against the stampeding assaults of the progressives. He was the Horatius at that bridge, and if he could not carry Mr. Taft across for another four years in the white house he prevented the other fellows from getting across.

Dear Theodore may complain again of one "who bites the hand which feeds him," but facts are facts. Yet we hope for the time when Mr. Taft may find in himself some of the elements creative of his own advance in politics.

From the Cool Depths of Bed Rock

The Clicquot Club Ginger Ale Plant is located at Millis, Mass., solely because of the wholesomeness of Clicquot Spring Water. This water flows from bed rock strata, is thoroughly filtered, carbonated at 80 lbs. pressure, and piped directly into the bottles without even an instant's exposure to possible impurities. The water is slightly laxative.

Clicquot-Club
GINGER ALE

There is true "body" to Clicquot Club, for its rich, heavy syrup is made from the purest sugar and real ginger root, with dashes of lemon and lime. Absolutely no adulterants are used—no saccharin, no coal tar products, no preservatives, no soapy foam producers.

Other Clicquot flavors: Birch Beer, Root Beer, Sarsaparilla, Lemon Sore and Orange Phosphate.

HERE'S A WOMAN'S VIEW OF WILSON

Ida McGlone Gibson Gives Her Impressions of the President.
CALLS HIM REAL MAN

(By Ida McGlone Gibson.)
Washington, D. C., June 27.—What kind of an idea of President Wilson have you?
I mean Wilson, the man?
Before I came to Washington I had an idea that he was rather austere, "fishy" sort of college professor—a man who had spent his time with theories and books.
I thought he probably found more pleasure in "flocking by himself" than in the haunts of men. In fact, I thought he was distinctly "high-brow."

Well, President Wilson is not that sort of a man at all!

WOODROW WILSON—HIS "PRESIDENT" FACE AND HIS "REGULAR" FACE.

He is a regular human being! He is even more democratic than Col. Roosevelt—for, while Roosevelt picks his friends from all classes for qualities which appeal to him, he is very apt, most of the time, to leave the rest of the human family out.

President Wilson seems interested in all the people, whether they agree with him or measure up to his standard—or not!

I found this out at a meeting in the executive office of the president on a morning when he met the Washington newspaper men.

Perhaps fifty men and myself filed into this room and stood about the big desk, behind which the president stood with his back to the windows. In the first place, I noticed, he is much younger looking than I thought him. His spare figure and lean features are almost boyish in poise and expression. He has a large mouth and big ears—things I like in a man. He looks as though he knew a lot and he is not good looking—which are two more things in his favor! He was dressed in gray and his skin and hair seemed to be a just part of the whole color scheme!

It was something from the inside of the man that gave me the impression of youth—the smile that was on his lips and in his eyes. I somehow felt that President Wilson had neither lost his enthusiasm nor his illusions. He believed in himself and he will believe in you—if you will let him!

When he turned to the assembled men and one woman—there was a quizzical smile about his mouth as he acknowledged the salutations of those present, some of whom he calls by their first names when he speaks to them personally.

He stood with his hands on the back of his chair, his whole manner being that of a man who was about to say: "I'm ready; fire away, gentlemen!" It has already been told that President Wilson holds these meetings with the newspaper men of Washington twice a week, but it is not generally known that no newspaper man is directly to quote anything that the president shall say at such a time without express permission.

From all quarters came the words, "Mr. President," for "the boys" were primed with questions, and it was most interesting to a woman to note the suave manner in which the chief executive did not tell anything he did not want to tell!

He easily dominated the occasion, but he did it in such a manner that every man there felt honored and on his honor!

Toward the close of the conference one man caused a ripple of laughter by asking: "Mr. President, have you got another news hunch this morning?" This was in reference to the "lobby probe" which was started by the president with his famous declaration that he believed there was "a most insidious lobby in Washington."

President Wilson keeps the world's affairs closely in hand and seemingly finds as much time to read as does Col. Roosevelt. No newspaper man can stump him with a question on current events.

After the conference The Sentinel's

Washington correspondents, Oliver P. Newman and Gilson Gardner, took me up to meet the president, whose hand-grip was moist hearty and greeting most sincere.

After the introduction he said to Mr. Gardner: "I see you had a very interesting time at the 'thirst inquiry'—this in reference to the recent testimony of Mr. Gilson for Col. Roosevelt at Marquette. Mr. Gardner answered: 'Who knows, Mr. President, but that you may be going through the same grill six years from date!'"

"Not while the grape juice lasts," interrupted Mr. Newman, and we all smiled as the president answered: "Right for you."

And from our little conversation it was easy to see that President Wilson holds even a greater title than president of the United States. For—He is a real human being and a regular man!

WHOOPIING COUGH.
"I have used Chamberlain's Cough Remedy ever since I have been keeping house and I consider it one of the best medicines I have ever used. My children have all used it and it works like a charm for colds and whooping cough. In fact, I consider it good for any kind of a throat or lung trouble, and do not think any household complete without it," writes L. C. Haines, of Marbury, Ala. You will look a good while before you find a better preparation than Chamberlain's Cough Remedy for colds and whooping cough in children. It contains no narcotic and is pleasant to take. For sale by all dealers.

THEY WED BY OWN RITES.
Bridegroom Says It's His Sixth Experience With Such Ceremony.

Beaver, Pa., June 27.—Dr. Askelon Mercer, 75 years old, of Beaver Falls, and Sarah L. Calgrove, 65 years old, of West-land county West Virginia, performed their own marriage ceremony here. When the pair obtained their license they informed Hamilton, the clerk, that all they needed was a license, as they could dispense with all bridal attendants and the minister. Hamilton issued the license for Doctor Mercer and Mrs. Cal-

grove to marry themselves in the presence of witnesses. Doctor Mercer stated that he had been married five times, and in each instance he and his bride had performed their own ceremony, always in the presence of two witnesses.

BEAUTIFUL WOMEN.
It has been observed that beautiful women always have good digestion. If your digestion is faulty Chamberlain's Tablets will correct it. They are easy to take and most agreeable in effect. For sale by all dealers.

A large number of the members of the local chapter of Phi Delta Kappa left this afternoon for Huntington, where the annual convention is being held. The Huntington chapter is offering a prize to the chapter which makes the best showing in the parade.

FATE OF SHACKS IS CONSIDERED

City Officials Complete Work of Inspection in Fire Limits.

NEWS OF CITY HALL

Mayor Grice, the board of works and Fire Chief Hilbrecht today completed their inspection of old buildings that by reason of their unsanitary condition or the aggravation they give to fire risk, and now have the matter of condemnation under advisement. These officials, with Building Inspector Wyss and a representative of the board of safety, will meet again Monday and prepare their report. It is believed that a number of old shacks on some half dozen streets in the fire limits will be condemned and their owners given orders to tear them down. The investigators say they found some very bad conditions, both from sanitary and fire risk points of view, and say that what is being done now to relieve the city of these menaces, ought long ago to have been done.

WOULD OPEN GARDEN STREET.

Member E. J. Lennon, of the board of works, last night offered a motion to begin proceedings for the separation of grades at Garden street and the Pennsylvania railroad. Mr. Lennon got no second at last night's meeting, but the proposal is under serious consideration by the board. Mr. Lennon's position in offering the motion, was that by getting provision made for the Garden street opening the entire problem of grade separation along the Pennsylvania west of Calhoun street would be solved and out of the way for practically all time.

WILL LET SEWER CONTRACTS.

After several attempts to get valid bids for the construction of four and a half miles of sewers in the West Wayne Heights section, the board of works has succeeded and lettings will be made. At Thursday night's meeting the board received two bids for the work and they were taken under advisement until next Monday. The Moehring Construction company's bid on main sewer No. 31 was \$2.06 per lineal foot for brick and \$2.50 for vitrified iron pipe. For the same work Fred H. Fueling bid \$2.00%. On main sewer No. 32 the Moehring company bid \$2.03 for brick and \$2.98 for pipe. The estimate for the work was \$2.07.

Bids on Sidewalks.

Six awards for construction of cement sidewalks were made, all of which save one went to the Grosjean Brothers, the Brooks company getting the other. Two new contractors appeared in the field but neither received work. They were Michael Burke, of Peru, and Rhoer & Williams, formerly of Portland and Stark county, Ohio. The awards went as follows:

Grosjean Brothers—West side of Anthony boulevard, from Maumee avenue to Sheldon street, 73 cents per lineal foot; west side of Maple avenue, from Broadway to Thompson, 73 cents per lineal foot; grading Sinclair street, from Leora to Runyon, 32 cents per lineal foot, and sidewalks on the north side, 85 cents per lineal foot; north side of Spring street, from east line of Kinley's subdivision to the alley west of Sherman street, 82 cents per lineal foot, and the south side of Force street, from a point eighty feet west of Franklin avenue to the first alley west, 95 cents per lineal foot.

The Brooks company—Sidewalks on the north side of Court street, from the alley west of Webster to Webster street and on the west side of Webster street, from Court to Organ avenue, at 83½ cents per lineal foot.

Other Matters Before Board. Councilman E. A. Wagner, of the Sixth ward, writes the board saying there is injustice in the assessment of the Zimmerman property, corner of Nuttman and Fairfield avenues, because assessed for paving a wing at the intersection, and he takes exception to an assessment made in 1901 against a property, since reduced in size by a street opening, for which rebate is sought. The board replies that the charge for the intersection was paid by the city and that no rebate can be made on any 1901 assessments.

Property owners on Webster street, from Darrow to Radcliff, petition the board for grading of the street, construction of a sidewalk on the west side and the establishment of sewer connection. Plans were ordered for the work.

Remonstrances were filed against the paving of Grant avenue, from Wayne to Maumee, and sidewalks on Orchard street, from High to Third. No such improvements had yet been ordered.

MUNICIPAL BRIEFS.

Each Monday afternoon hereafter a report showing the amount of material turned out by the city asphalt repair plant will be required of Superintendent Greiser, according to an order just issued by the board of public works.

Notices were sent out today to contractors who built sidewalks upon which the five-year guarantee has not expired and which are now in bad condition and that repairs must be made at once. Tripper & Son of Peru were given notice that they must repair the Pontiac street pavement at once.

LEHMAN STORE IN LINE.

Is to Close Every Evening at 5 O'clock Except on Saturdays.

The Lehman Clothing company announces that it will close every evening, except Saturday, at 5 o'clock during the months of July and August. This plan will be placed in operation after July 4.

FAVOR BUYING OF BIG COUNTY FARM

Council of Allen County is Ready to Purchase Big Tract.

PROVIDE FOR BRIDGES

The purchase of one big tract of land to accommodate the county poor farm, the orphan's home and the tuberculosis sanitarium is practically approved by the county council and steps for the purchase of the land will be taken at once by the board of commissioners.

Several eligible sites are under consideration and one of them is unanimously favored by commissioners and council. It is a tract of about 500 acres and well situated with respect to steam and interurban railways and is about seven miles from the city. It is probable that a purchase will be made within a few days.

The county council assembled today by request of the board of commissioners, the special object being to have appropriations made for bridges to replace those washed out by floods last March. Present at the session were Chairman Valentine Schaefer and Members George S. Viberg, Louis Centlivre, James J. Hayes, Joseph Redding and Noah Amstutz. The newly appointed member, John C. Wentz, was not in attendance.

Money for Bridges.

The council appropriated \$9,000 for small bridges and culverts and \$4,500 for the Gustin bridge in Maumee township, for which plans were originally provided that contemplated a much more expensive structure. A large number of culverts and small bridges will have to be constructed to take the place of those washed away and the appropriations made by the council and the commissioners for bridge purposes have been exhausted.

There Will Be No Sealer.

It will be a sore disappointment to an army of applicants to learn that the council has decided not to make provision for a county sealer of weights and measures, a position made possible by a law of the last legislature. The record of the proceedings says that the council deems a sealer unnecessary and since it is optional makes no provision for the same.

Other matters of concern to the county were discussed by the council during the day's session.

A band concert and picnic will be given in Weisser park July 4 under the auspices of the Fort Wayne Arion band. Various kinds of amusements will be provided and everybody is invited.

VOTING LIGHT IN CITY PRIMARIES

No Rush of Voters to Indicate Preference for City Places.

QUIET AT THE POLLS

Voting in the city primaries up to a late hour this afternoon had been extremely light. At noon today men who had made personal canvasses among the polls stated that the morning vote did not average more than forty-five in the different precincts, and at the city hall voting place, where voters of the Fifth precinct of the Second ward cast their ballots, only fifty had voted at 12 o'clock. It is expected, however, that the heaviest polling will be noted after 6 o'clock this evening.

The primary election today when candidates for various offices on the republican and democratic tickets will be nominated, is very quiet. Even about the voting places quietness reigns supreme. This, it is said, is due to many causes. One of the principal causes for the light vote recorded thus far is that progressives, many republicans and many anti-Hosey democrats who are championing an independent ticket, are ignoring the date and are remaining away from the polls.

There is but one contest for nomination on the republican ticket. Judge B. W. Skelton, chairman of the city central committee, spent the entire morning in routing out the republican voters and met with a certain degree of success. He states that while there is but one contest, he would like to see a good vote as a compliment to the party, and to the men whose work resulted in a straight ticket appearing today on the ballot.

One reason, too, that the democrats give for the light voting during the day is that the polls opened at 8 o'clock, instead of 6, as usual, and workmen were unable to vote on their way to shops, stores or offices this morning.

The principal contest and hottest fight for nomination on the democratic ticket is for city clerk and councilman-at-large. There are several fiercely contested battles in several of the wards for councilmanic nomination.

It is said that Peter M. Braun, one of the democratic candidates for mayor, is receiving more support than it was thought would come his way. It is believed that numerous Melching supporters are casting their ballots for Braun. The polls will remain open until 8 o'clock this evening.

SPECIALS—Just received at the Hof Brau, Live Lobsters, Soft Shell Crabs, Black Bass.

BOY EXPLODES A CRACKER IN MOUTH

Young Heinie Brinkman is Terribly Injured and May Not Recover.

TONGUE IS SHATTERED

Heinie Brinkman, aged ten, son of William Brinkman, 2119 Force street, is in a critical condition from injuries received when a large fire cracker exploded in his mouth about noon today.

The cracker was one of the "salute" variety, three inches long and the maximum size of those that can be legally sold in this city. The lad held the cracker between his teeth and allowed it to explode.

What happened was not what the reckless lad expected, for the cracker exploded with a "flare-back" and wrought terrible injuries to his mouth, tongue and jaws and filled his lungs with the poisonous gases of the burnt powder.

His screams were terrific. He was taken to his home and physicians were called to attend him. His tongue is split and mangled, his mouth is burned and shredded and his jaws have suffered severe injury.

The lad's condition is made much worse by the powerful irritation of the burnt tissues by the powder gases.

His sufferings are intense and his screams of agony around the neighborhood until the physicians quieted his pain.

Pay your nomination bets with Gold Seal Cigars.

WANTS TO FIND HER BOY.

Mayor Grice today got a letter from Mrs. Ella Kline, 378 Lucas street, Toledo, asking that a police search be made for Mrs. Rose LeFever, room 6, 303 West Main street. Mrs. Kline says she sent her son Raymond, aged ten, here about five weeks ago to visit in the LeFever family, and that she can get no word of him, stating that letters mailed to the woman and the boy have been returned unclaimed. Mrs. LeFever is the woman who tried to end her life with ammonia a few days ago because of domestic trouble and too much drink. She was formerly a circus performer. She left Fort Wayne Monday, saying she was going to Toledo, and she took the Kline boy with her. Charles LeFever, her husband, was in the city today.

COLUMBIA CANDY KITCHEN.

THE DEATHS.

LINDEMANN.

Caroline K. Lindemann, aged sixty-six years, the widow of William Lindemann, died at 8:45 o'clock this morning at the family home, 1238 East Washington boulevard. Death was due to complications and followed an illness of nineteen years' duration.

Mrs. Lindemann was born in Langrich, Prussia, Germany, but came to this country at an early age. She had resided in Fort Wayne many years and was widely known. Surviving she leaves the following children: Gustave, Henry, Carl, Augusta, Bertha, Anna and Clara. She also leaves six grandchildren, and two brothers and two sisters—Fred Buckner, of Washington township; Ernest Buckner, of Abbot township; Mrs. Fredericka Tebban, of Abbot township, and Mrs. Lisetta Hilgeman of Fort Wayne. Her husband died ten years ago.

Funeral services Monday afternoon at 1:30 o'clock from the residence, and at 2 o'clock from St. John's Reformed church. Interment at Lindenwood.

FUNERAL NOTICES.

Nussbaum.—Funeral services for Peter Nussbaum Saturday morning at 8:15 o'clock from the residence, 1817 Spy Run avenue, and at 9 o'clock from St. Mary's

Catholic church. Friends have been requested to kindly omit flowers.

Honorary pall-bearers have been selected as follows: Charles Centlivre, Louis Centlivre, John B. Reuss, Edward Frank, Martin Greven, John Suelzer, sr. The active pall-bearers are: Carl Centlivre, Oscar Ankenbruck, Adam A. Rinehart, George M. Haffner, Othmar Heine and John Suelzer, jr.

Gebhard.—Funeral services for William Gebhard Saturday morning at 8:30 o'clock from the residence, 1226 Maumee avenue, and at 9 o'clock from the Cathedral. Relatives and friends of the family are invited to attend the services.

Pay your nomination bets with Gold Seal Cigars.

MISS MATHILDE MOLL DIES.

Woman was Oldest American Resident of German Capital.

Berlin, June 27.—Miss Mathilde Moll, formerly of Norwich, Conn., died of heart failure on Tuesday night. She was the oldest American resident of Berlin, having lived here twenty-five years, and she was vice president of the American Woman's club.

Elks' Band, Robison Park Sunday. 27-28.

THE ELKS ARE BOOSTING.

More Than One Hundred Plan to Attend Big Convention.

Chairman L. A. Worch, of the booster committee of the Fort Wayne lodge of Elks No. 155, and secretary of the local fraternity, has just issued invitations to all members of the lodge asking them to attend the grand lodge convention to be held July 7 to 12, inclusive, at Rochester, N. Y.

Elaborate preparations have been made by the local officials to attend the big meeting, and arrangements have been completed for a special car over the Nickel Plate, leaving Fort Wayne at 6 o'clock Wednesday evening, July 7. It is expected that more than one hundred Fort Wayne Elks will attend the convention, and they will be accompanied by the famous Elks' City band.

T. R. GOES TO SOUTH AMERICA.

Will Lecture on "Subjects of International Social Interest."

New York, June 27.—Theodore Roosevelt will leave New York during the first week of October next to deliver a series of addresses in the Argentine Republic "on subjects of international social interest." He will visit Brazil and Chili and may make a trip into the tropical interior of the continent. These details of Mr. Roosevelt's trip were announced in his behalf the other day. He goes to Argentina at the invitation of the Mus-

Social. The addresses he has in mind will be somewhat similar in character to those he gave at the Sorbonne in Paris three years ago.

POINCARÉ OFF TO FRANCE.

President Terminates His Visit to King George of England.

London, June 27.—President Raymond Poincaré, after being the guest of King George and the British nation since Tuesday, left this morning for France. King George, the prince of Wales, the duke of Connaught and Prince Arthur of Connaught, together with a brilliant assemblage of court dignitaries, gathered at Victoria station to bid him farewell. Great crowds lined the streets from York house to the station and loudly ac-

claimed the president as he passed. The royal train took him to Dover, where he embarked on a French warship amid salutes from a fleet of twenty-six powerful British and French warships dressed in rainbow fashion with the French and British colors intertwined. Several of the British battleships acted as an escort across the channel.

RECLUSE FOR 40 YEARS IS DYING

He Once Closed a Big Mill and Let Property Go to Ruin.

LED HERMIT'S LIFE

Spring Lake, Mich., June 27.—Stricken with paralysis and unable to utter a word, William H. Bell, pioneer lumberman, one of the wealthiest men in the village and known all over Ottawa county as an eccentric, lies at the point of death in his ramshackle hut on the shore of Spring Lake. His condition mourned by none save a relative who arrived recently from Portland, Ore., and a few sympathetic neighbors. His father came to Michigan from Canada in 1864, when the lumber business was at its height, to take charge of the large interests that fell to him through the tragic drowning of his brother-in-law, James Barber, one of the first men to engage in the lumber business in this section of the state. C. Y. Bell was a good business man and the holdings of his benefactor left him with plenty of the finest pine lumber to be saved and placed on the market. He added a blacksmith shop to the mill on the lake, overhauled the business and within a few years was reckoned one of the most successful lumbermen in Western Michigan. He bought boats for the transportation of his finished product, employed many men and a score of teams, and left the business upon his death in the hands of his oldest son, William, according to the old English custom of handing down the inheritance to the eldest male member of the family. Quarrel With a Brother. With his younger brother, Edward B. Bell, who died recently in Washington, where he was acting as officer in the capital guards by appointment of Senator Smith, the business prospered until 1871, when the brothers quarreled and the mill was shut down, never to run again, in spite of the efforts of business associates and relatives to effect a reconciliation. What the quarrel was about no one has ever known. It was always a sealed book with both of them, and some believed it was the questions put to him on this point that caused the elder Bell to shut himself in his home, close the prosperous store adjoining it and permit everything to fall into decay. Edward started out to make his own way in the world and spent many years in the employ of the Grand Rapids Herald and the Evening Press. He was getting old by this time. The world had been unkind to him and his Washington appointment by Senator Smith came as a godsend. Offer after offer was made to his eccentric brother for the mill itself, the wagons, the old boats stored within it, the valuable machinery, but William Bell turned a deaf ear to all of them. Even after lumbering was on the decline, and the raw material had to be shipped in by rail, he was offered \$9,500 for the mill, but turned the offer down and drove the insistent buyer from his door. He kept everything. The horses grew old and fat and died off one by one, without doing a stroke of work after the closing of the mill. When the last of these was gone Bell shut himself up for good in his house, and only appeared

to carry home provisions. He had no intimates and but few acquaintances.

From his long winter sojourns in his barricaded house he earned the title of "The Bear," and in spite of his fatal illness the natives still mention him by that name.

Sat in Tree for Hours.

For the last forty years he has lived the life of a hermit as completely as if he was buried in the mountains. He never ventured in society, although at the time of his quarrel he was one of the most popular and finest looking men in Spring Lake. He never ventured to the polls. He lived on the scantiest of food, and was never seen to smile. On warm days he would take his rueful seat in one of the apple trees overlooking the lake and sit for hours viewing his decaying buildings and gazing up the splendid view along Spring Lake.

The smokestack of the mill is tilted like an immense snake over the remnants of the mill. The machinery is coated with layers of rust. The boilers, with a supply of coal and shovels leaning against them, are just the same as the day the whistle blew for the last time and the dumfounded workmen were paid off and told to remain away until the whistle blew again. The walls have fallen in on all sides, the roof is now but a sprawling heap of rotten timbers, and dense undergrowth has uprooted the six-inch floor in many places. The heavy beams crumble at the touch; the wagons, boats and bits of harness are in the last stages of decay. The anvil in the blacksmith shop still stands, an unfinished wheel tire and a heavy sledge lying beside it, just as they were left by the blacksmith more than forty years ago.

The old hermit's hours are numbered, and with his death it is expected the ruins will be cleared away and the property sold for building purposes. Bell View, as the place is called, is one of the prettiest points on the lake, and many wealthy resorts living in the locality have been waiting for the old man's death to submit their bids on the property.

JOHNNY NEE HAS LOT OF TROUBLE

Youngest Manager in Class B is Getting an Awful Start.

RESULTS IN CENTRAL CANTON IN DOUBT

Johnny Nee will probably remember this year of 1913 with more recollections than any baseball manager ever assembled in one season. In the first place he is young and ambitious, the youngest manager in class B baseball and very naturally wanted to make a showing in his first season as a real pilot, and all of the bad luck that is generally spread over two or three seasons has been piled into this one for the Vet chief.

He has been out of the game since the club played here last, with a bad arm, and after the club left, Erv Martin, his ruffing good shortstop, broke a leg. This shot up the infield, and right on top of this Leber fractured one of his legs sliding into the plate, and yesterday Warren was hit by a batted ball and will be out for a while.

In Rowan, Compton and Fromholz Nee thought he was well fortified in the box at the opening of the season. Rowan has been delivering in great style and winning most of his games with a tall-end club, but Compton and Fromholz have been released.

This is about all that has happened so far but the season is only a few weeks advanced, and it is possible that the juvenile manager may establish a record before the schedule is played out. In the double bill played yesterday the Vets lost the first to Evansville 7 to 2, and won the second 5 to 3.

While this was going on Weitzel was holding Grand Rapids to three hits for the Reapers, and Pfeiffer was being pounded hard, two of the hits against him being homers by Snyder and Koller.

The scores:
At Dayton—100101022-7
Evansville—200000000-2
Batteries—Turner, Flitters and Stratton; Webb and Warren and Armstrong.
Second game—002030000-5 4
Dayton—040100112-8 1
Batteries—Sloan and Durrell; Fish and Armstrong.
At Springfield—R.H.E.
Foranfield—002000005-7 8 3
Grand Rapids—010000000-1 3 2
Batteries—Weigel and Sander; Hibber, Smith and McGraw.

TOO HOT FOR EARLY START.

Polo Game Will Be Postponed Until the Sun is Nearly Down.

Chicago, June 27.—Polo teams from Kansas City Country club and the St. Louis Country club will play this afternoon at the Onward field for the prize of the mid-western tournament. The two clubs have been enduring fog on the polo grounds and honors stand even. Owing to the hot weather it was decided not to start the game until 4:30 o'clock or possibly 5 o'clock.

INTERSTATE HAS TOUGH SLEDDING

Change May Benefit It But Conditions Are Generally Bad.

RESULTS IN CENTRAL CANTON IN DOUBT

Canton, O., June 27.—Is the announcement of the transfer of the Wheeling club to Newark the death knell of the Interstate or is it a move that will strengthen the organization? Wheeling is dead, so far as organized baseball is concerned. Years of adversity have placed the river town, at one time one of the best cities in the Central league, in the class of has-beens. The Stogies have been in the first division all season, and for a time were bounding on the top of the heap, yet the fans attending the games were so few that the guarantees to the visiting teams had to be paid out of the owners' pockets.

Newark may gain out well. If it does the Interstate will not suffer by the transfer which is probable, but not yet absolutely certain. Baseball of any kind may draw well in the Licking county town, owing to the absence of the teams for some time. A paying attendance at Newark should the Stogies be shifted there on July 1, will place the circuit on a better basis than it now is.

The question that will be asked by many is this—Is Wheeling the only town that will abandon the game this season? There are several in the doubtful class, including Canton.

Youngstown and Erie are certain to stay as they are paying well with teams fighting for first place day after day. Akron should be drawing fine crowds with the Giants well in the fight, but the fans there have refused to turn out in the proper numbers. Columbus is being held up by the A. A. club and will finish the season.

Canton is the most doubtful city, now that Wheeling has declared itself down and out as a minor league town. Zaniesville intends to stay with the game in an effort to make it pay in the end. Of the opinion that the shift if made will be for the betterment of the circuit. Permission will have to be obtained from the other managers to transfer the franchise. It can't hurt the league, as Wheeling has gone "dead," was Yon's comment Thursday. "The move ought to help to some extent. Conditions could not be any worse than they have been at Wheeling."

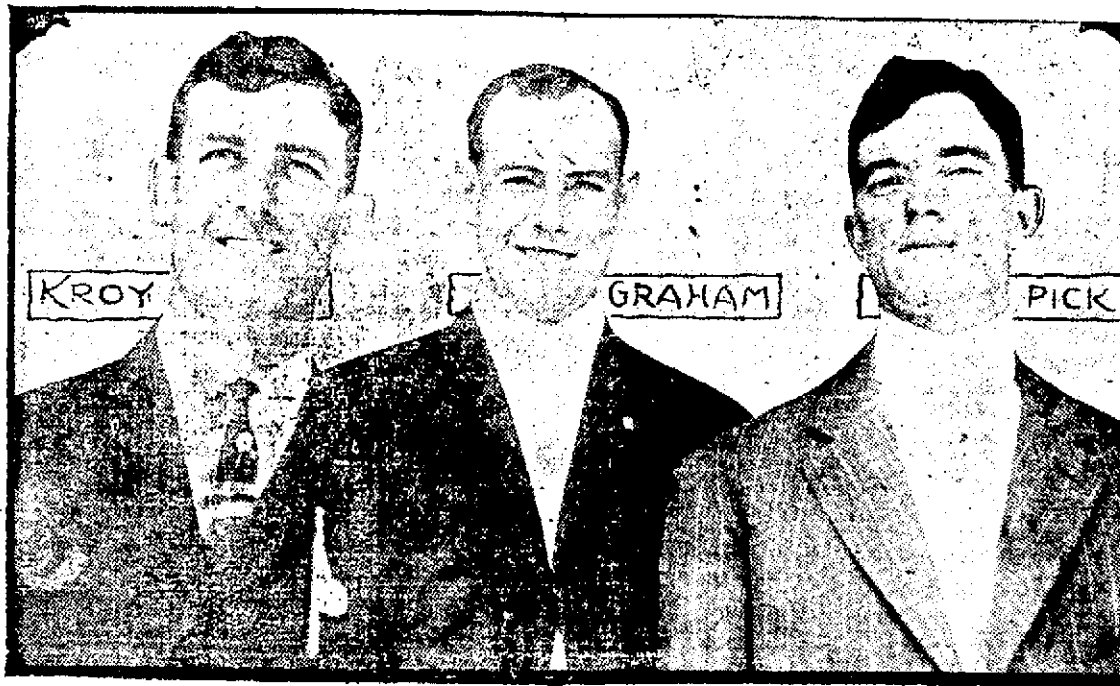

MILL AT NEW ORLEANS.

New Orleans, June 27.—Frank Moran, of New York, will meet Tim Logan, of Chicago, in a ten-round bout here tonight. Both men are aspirants to the white heavyweight title. Each fought a draw with the former champion, Luther McCarthy, in the early days of the latter's career.

SPARTANS OUT FOR BATTLE.

The Spartan baseball team would like to have a game with the Juniors or the Young Snakes for tomorrow afternoon. Phone 1941 between 11 and 12 o'clock.

Players Sold by Terre Haute to the New York Americans and the Hard-Hitting New First Baseman.

SOME INTERESTING THINGS IN THE DOUBLE BILL THAT WAS SPLIT UP.

Manager Edward Joseph Anderson, of the opposition, robbed "First Baseman" Ted Anderson, of the local outfit, of a three-base hit when he ran back and picked a drible off the fence. Samesakes and "sicks" don't run in baseball.

If Mr. Graham, whose first name is not to be mentioned, is his regular first baseman, he is a good one. He is one of four knocked over there since the park was established.

Ray Fowler had a bad day in the field, but he hit in a run or two and scored the winning run in the first game by a daring piece of base running that put him on third on an infield hit by Anderson.

Ray Fowler did not connect with his bat but he cut down Graham's batting average and saved a run by appearing a fly way out on the bank. His Martin, who started at his best in the first game and then hit in a run that won the game.

Wether had a bad day with the willow but he did some great felding that helped hold the enemy in check.

Jimmy Burke has a bad foot and he retired in the second game and gave his place to Eddie Wagner.

Young was sent to the relief of Loudermilk in the first game and the conditions were reversed in the second game.

Anderson didn't seem to care much about Gilbert in the first game, and picked off three hits but he couldn't find Betts in the second.

Speaking of Betts, this fat person opened the third inning of the second game with a rap that went to center field fence and pulled up at third when he could easily have scored. He said he was tired and didn't want to be all tucked over when he went in to pitch.

He stuck at third through the inning. Out of ten times up in the two games Dunny Fabrique picked off five hits.

The Fort Wayne team is to be congratulated that Larry Quinlan didn't keep Frank Nesbo at Erie.

Parker made four hits in four times up in the first game, and was taken out in the ninth to allow Hargrave to bat for him.

Fort Wayne's greatest satisfaction came from the fact that Rufus Gilbert was bested in the first of them, and there was a word during the encounter that threatened him with banishment.

But Manager E. J. Anderson evidently changed his mind.

After Ted Anderson opened the seventh inning of the first game with a single, Martin drove the ball to left and the dog chased Manager Eddie Anderson.

Then St. Rufus was straight up. He passed Burke, allowed Nesbo a hit, checked two wild throws into the goin, and was touched up for a couple more hits.

The double bill lasted until way after 6 o'clock, and was dragged out longer than was necessary by a lot of wrangling. The hot weather also had its bearing on the encounter.

ONE FOR THE DOG AND THE OTHER FOR THE NEW UMPIRE.

Fort Wayne, June 27.—The first game of the double bill was a close one, with the home team winning 5 to 4.

The second game was a closer one, with the home team winning 5 to 4.

A BAD DECISION GUMMED BATTLE

Ross Put Nesbo Out and Gave Terre Haute an Even Break.

DIVIDED A DOUBLE

Some people have been led to believe that umpires are human and that to err is human, or something like that, this man Ross can certainly be excused, and the umpire that can themselves the higher court because they can read, write and think.

Ross is entitled to a chance and possibly yesterday was one of those days that come now and then to everybody, but one thing is certain his decision on the home talent in the seventh inning was a mistake.

There was another exception that entered into the first game that caused a protest. During a rally in the seventh inning, Ed Anderson's big dog, caused out after Manager E. J. Anderson when he went after a drive pitched by Harry Martin, and the manager was delayed in getting the ball until the runner had made three bases.

He protested on the ground that it was interference, and Ross held that the hit would have yielded three sacks anyway and denied the protest. The matter was then put up to President Louis Anderson, who will have to decide it.

Mr. Ross indicated the greatest hardship on the home talent in the seventh inning of the opening chapter after Frank Nesbo had waited and secured a pass. Loudermilk hit to right and Nesbo waited a few poles and painstaking players would have done until the ball passed him, and then he chased to second. This stop checked him up so that he could not get to third, which he would have done under ordinary circumstances.

Ross ruled that the ball hit him, and he was the only man, woman or child in the whole assemblage that saw it. The hit did not touch Nesbo, and Terre Haute players say so themselves. With Fabrique coming up the whole plan of attack had to be changed and Fort Wayne was robbed of a golden opportunity.

In the first game Wheeler dashed for the plate while Loudermilk was throwing a ball, and the ball was returned under ordinary circumstances.

These two decisions stood out prominently among a lot of bad one that assisted very materially in robbing the games of the interest that would have otherwise attached to them.

Fort Wayne's greatest satisfaction came from the fact that Rufus Gilbert was bested in the first of them, and there was a word during the encounter that threatened him with banishment.

But Manager E. J. Anderson evidently changed his mind.

After Ted Anderson opened the seventh inning of the first game with a single, Martin drove the ball to left and the dog chased Manager Eddie Anderson.

Then St. Rufus was straight up. He passed Burke, allowed Nesbo a hit, checked two wild throws into the goin, and was touched up for a couple more hits.

SPECTATORS ARE TO GO TO STAND

President Issues Orders as Result of Mixup Yesterday.

ORDER WILL STAND

As a result of the mix-up in left field yesterday President Louis Anderson has instructed Claude H. Varnell and Secretary Bert Dembs that Ed Longfield's dog and all spectators must be compelled to occupy seats in the stands except where it is necessary to accommodate an overflow crowd.

Mr. Varnell has been advised in the same connection that the umpire has the privilege of forbidding any game spectators remain on the field after the game has been ordered off, and Umpire Ross had instructions today not to start the game if the field is not cleared of spectators and of the dog.

Numerous complaints have reached the president of the baiting of players, and this with the incident of yesterday caused the new order. All this season and for several years past a few of the fans have been occupying seats along the left field fence, the progress of the game of the field is not cleared of spectators and of the dog.

Mr. Varnell said that he is acting for the good of the game, and that he granted any of the patrons and that all should be kept in the stands where they belong during the progress of the games.

Most of the critics affected by this order are friends of the owner, and he generally spends his time with the crowd during the progress of the games, and this will make it embarrassing for him but he must follow the order of the president, which is in strict compliance with the by-laws of the league.

By the way, the president was asked by the umpire if he had no voice in the matter, and will be chased out himself if he attempts to remain inside the field.

The president also notified Mr. Varnell that when police protection was asked by the umpire it was not to be had. There was a policeman in uniform in the grounds, but the rules require two, and they must be on hand in future games.

SHOP AND RAILROAD NEWS

LARGEST AIR COMPRESSOR

Machine of 4,400 Cubic Feet Capacity at Pennsy Shops.

FOUND DEAD BODY ON G. R. & I. ROAD

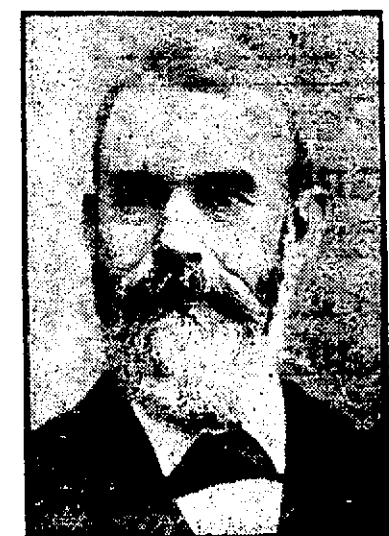

Mangled Badly and Identification Has Not Been Made.

The largest air compressor ever brought to Fort Wayne was unloaded at the Pennsylvania power plant this morning and will be installed as soon as the addition to the building has been completed. This air compressor has a capacity of 4,400 cubic feet per minute and when in operation a minimum pressure of 90 pounds is maintained. This mammoth machine will supplant one now in operation which has a capacity of 750 cubic feet, increasing the power plant 400 per cent.

TONY GERARD INJURED.

Aged Man Fell Fifteen Feet From Signal Pole.

Anthony Gerard is at the St. Joseph hospital suffering from injuries sustained by a fall of fifteen feet from a signal pole at 4 o'clock last evening.

ANTHONY GERARD.

Mr. Gerard is the crossing watchman at the Wabash avenue crossing of the Wabash road and was injured when he was attempting to place a signal lamp, which is a part of his duty. In the fall he

CURES BY SUPERSTITION

REMARKABLE SUPERSTITION AMONG THE SICK OF DARK-EST ASIA.

No Worse Than Some of Our American Medical Nonsense.

Believe They Can Be Cured by Brass Mule.

A young Chicago physician, practicing at I-Chung, away up on the Yangtze river, mentions a curious case of public "cure-all." This most extraordinary of "doctors" consists of a colossal brass mule to which sick and injured people flock in thousands and all they have to do is to rub the affected part on the corresponding part of the mule and lo! the thing is done. It is pathetic to learn that the brass mule has been rubbed in to holes by sufferers in the course of centuries.

While we may smile at the barbaric superstition of the heathen Chinese, yet is our intelligent United States so much in advance of them after all? Do we not have our own fetich and superstitions, our "mind cures," mental therapy, rubbing cures, charms, fortune tellers and magnetic healers? How about the fetish of modern surgery? Has not a great good thing been terribly overdone when half the aches and pains of humanity are being put under the mutilation of the knife? Surgery where intelligently applied in cases actually needing it is a great boon to humanity. All honor to our conscientious surgeons. What every one does condemn is the indiscriminate cutting into every case that comes along, or operation on cases which could as well be cured medically and in some cases better. For instance, it is necessary to operate in some severe cases of gall stones, and yet the operation alone rarely cures, for it fails to take into account the inflammation which extends throughout the ducts of the liver. This can only be removed by medical means, but how rare it is for the surgeons to refer the case back to a medical specialist to complete the cure. Consequently there is a recurrence of the disease and another operation must follow.

Most cases of gall stones can be cured without operation by the solvent healing method of the United Specialists, just as most all internal diseases can be cured by this scientific treatment before organic or chronic complications have set in.

These specialists by their new system of treatment are able to cure many or most of the so-called surgical cases. They have offered to examine any and every one that comes to them before July 10th free of charge and further to give free treatment until cured in any case they accept before that time. The only charge will be for the medicines used.

Their Fort Wayne institute is located at 124 East Washington street, half way between Clinton and Calhoun.—Adv.

sustained a fracture of the right arm and shoulder, a cut in the back of the head and possibly internal and spinal injuries of a serious nature, as he was unable to stand or use his legs after the accident. The call for the city ambulance was answered by Police Clerk George Strodel, who is Mr. Gerard's son-in-law, and he immediately obtained leave of absence and accompanied the wagon. Mr. Gerard is seventy-three years old and a retired employee of the Pennsylvania. He worked in the blacksmith shop thirty-nine years and was retired because of the rule which forbids active work after passing the seventieth year of his age. He was strong and active and idleness was unbearable, so he took employment as crossing watchman with the Wabash. A blood clot had developed on the spinal column, the attending surgeons say, and this may make a permanent cripple of the patient. Mr. Gerard resides at 1440 Little street.

CONTEST BEST OF ALL.

Show Given at Decatur by Firemen Was Interesting.

Although Fort Wayne got none of the officers nor the leading prizes at the eighth annual tournament of the North-eastern Indiana Volunteer Firemen's association at Decatur yesterday, the best of feeling prevails among the men who took part in the show and they are unanimous in the statement that the contests were the best they ever witnessed. The water battle between the Fort Wayne Electric company and the Bluffton company was most exciting and proved to be a draw; neither party receding an inch. When the gun was fired, each man engaged in the contest, laid hold of the nozzles, pushed forward and the contending forces were only about three feet apart when the water reached the nozzles. There they remained with streams of water pouring on them and bearing their clothing into shreds until the gun announced the end of the battle. It was a draw, pure and simple, but it is said that Bluffton claims the prize, on the alleged ground that the rules were broken by the local company by having a city fireman in the contest. The Electro-Technic band was barred from the band contests because there were no other bands of its class there. The prize was given to the Hartford City band. In the parade the two Fort Wayne companies and the Electro-Technic band attracted much attention and favorable comment. Each man wore a new uniform and on his breast carried a large silk badge and a carnation. The people of Decatur were very hospitable and no complaint was made of lack of attention.

FOUND MANGLED REMAINS.

Man Was Struck by Northland Limited on G. R. & I.

The division office of the G. R. & I. were notified this morning of the finding of the mangled remains of a man on the tracks near Monroe, Adams county. The discovery of the body was made by County Commissioner James Hendricks and the circumstances indicate that the man was intoxicated and had fallen asleep while sitting on the end of a tie and was struck by the Southbound Northland limited, No. 20, which passed that point at 2 o'clock this morning. This theory is substantiated by the presence of a partly filled bottle of whiskey at the scene of the accident. Mr. Hendricks also advances the theory that the dead man was a resident of Geneva or Cayton; that he had been attending the tournament in Decatur and had made a mistake and alighted from the train at Monroe instead of going on to his own home town. The remains were so badly mangled and strewn over the right-of-way that identification could not be made. Pieces of flesh and bone were found a quarter of a mile from the scene of the accident. Neither the engineer nor the fireman saw the man on the tracks.

TOES CRUSHED; HEAD CUT.

Barney Ivogve in Painful Accident on Elevated Track.

When Barney Ivogve, an Irishman, got off Wabash passenger train No. 13 about 9 o'clock last night and started out in search of the bunk cars used to house the laborers at work on the Wabash elevation, he was struck by freight train No. 73, which was backing up, and knocked down, one of the wheels passing over his right foot and cutting off the toes. The accident happened at Fairfield avenue and Ivogve fell to the side and rolled over the embankment off the bridge crossing the street, where he was found and taken to St. Joseph hospital. In the fall Ivogve received a gash in his forehead and sustained painful injuries to his back. Dr. C. F. Knaut was called to attend the unfortunate fellow, who was to have commenced work in the track laboring gang this morning.

LABORER KILLED AT VALFO.

Pasgate Constancio Fell Off Car and Was Run Over.

Pasgate Constancio, a track laborer at Valparaiso of the Pennsylvania, died in the Christian hospital in that city at 6:10 o'clock last night following an accident that happened two hours previous. Constancio was sitting on the end of a gondola car and when an engine backed up to couple onto the car, he was knocked off and run over. Both legs and one of his shoulder bones were broken and he was hurt internally. The unfortunate man was thirty-seven years old, was married and had two children. The crew of the train which figured in the accident was composed as follows: Conductor Obenchain, Engineer Rankin, Fireman McCammon and Brakemen Musselman, Gill and Marker.

COL. THOMPSON MAKES CHANGE.

Former Fort Wayne Man Now With the Canadian Pacific.

In a letter to Horace G. Granger, for many years an associate in railway work, Col. R. G. Thompson incidentally mentions that he has resigned a position with the Chicago, Milwaukee and St. Paul road and taken employment with the Canadian Pacific, with the title of colonization agent. His office is in the building at the corner of Clark and

Zu Zu

The freshest, spiciest ginger snap that ever popped out of an oven or satisfied a hunger.

NATIONAL BISCUIT COMPANY

5c

Adams street, and in that department Colonel Thompson says there are twenty-two men steadily employed. "This is by far the best job I ever had," writes Colonel Thompson. No railway man is better known in this part of Indiana than "Dick" Thompson and the news that he is prospering will be welcomed everywhere.

FRED SCHEFFER PROMOTED.

F. H. Scheffer, formerly of this city, claim agent for the Missouri Pacific Railway company, with headquarters at Wynne, Ark., has been transferred to Little Rock, Ark. His territory will now run along the main line, from Little Rock to Texarkana, covering the east line of the state of Texas. Mr. Scheffer is expected in the city soon to spend his vacation with his mother, Mrs. Katherine Scheffer, 1120 Rivermet avenue. Mr. Scheffer was employed as stenographer and clerk at the Pennsylvania offices in this city several years, leaving here last fall.

MEAT CUTTERS TO GET ACTIVE.

The Meat Cutters union is preparing to do things in the way of membership campaign in the near future. President Harry F. Schwartz is in receipt of a letter from President Hart, of the International Union of Meat Cutters and Butchers Workmen, with headquarters in Utica, N. Y., stating that he will come here and do some work for the union soon. It is proposed to conduct a campaign then and it is hoped to get every available man into the union. The local union has arranged for a lawn social at some park on Wednesday, July 9.

WILL ATTEND GEBHARD FUNERAL.

At the request of the employees in the machine shop at the Bass Foundry and Machine works, that department will be closed tomorrow morning to give the men opportunity to attend the funeral of William Gebhard Jr., who was an apprentice in the shops and the son of Machinist William Gebhard, who has been employed there twenty or more years. The men will march in a body to the church. The young man was killed by an electric shock.

SHIPPING BIG FLYWHEEL.

A flywheel twenty feet in diameter left the Bass Foundry and Machine works today for Yorkville, Ohio. It will be a part of the power plant of big tin mills, which is being equipped by the Bass company. The contract calls for three large engines, one of which has already been delivered and the other two will follow soon.

MR. CANIFF ON VACATION.

President W. H. Caniff, of the Nickel Plate, is taking his summer vacation and has left Cleveland for ten days. He is an enthusiastic automobilist and a good portion of the time will be spent in the machine.

COMPLETES HIS APPRENTICESHIP.

Floyd A. Allen yesterday completed an apprenticeship in the pattern department of the Pennsylvania shops. This morning he was temporarily assigned to special work in the east yards. The young man is a son of John T. Allen, one of the old shopmen.

FROM SHOP TO STORE.

Machinist John Hartwig, who resigned a position in the Wabash shops a short time ago, has engaged in the shoe business with his father on Columbia street. Mr. Hartwig was employed at the Wabash shops eleven years and is quite popular with the employees there.

GETS BETTER JOB EAST.

Charles Jana, a Pennsylvania telephone operator, has gone to the company's general offices in Pittsburgh to take a position, which is a promotion for him. Mrs. Jana will follow soon and the family will reside in Pittsburgh.

INDUSTRIAL NOTES.

J. D. Holliday, a Pennsylvania shopman, is sick and off duty.

Edward H. Mott, traveling passenger agent of the Great Northern, was in the city yesterday.

R. F. Keller, purchasing agent for the Wayne Knitting mills, is in New York on business for the company.

Master Car Builder J. A. Graham, of the Pennsylvania, has gone to Altoona on business for the company.

Landlord and Landlady J. W. Carpenter, of the Pennsylvania Lines hotel, who have been visiting in Ohio, will return home tomorrow.

L. J. McMullen and Frank Gallo took employment at the Pennsylvania machine shop this morning. Gallo worked there once before.

R. S. Augsburg, traveling storekeeper for the Wabash, who was here several days in the interest of the department, left last night for the Moberly division.

A. L. Hadley, chief engineer at the

Fort Wayne Electric works, took his family to Clear Lake and installed them in the family cottage for the summer. Mr. Hadley will spend the Sundays with them.

The Misses May and Daphne Kehler, telephone operator and stenographer, respectively, at the Wayne Knitting mills and at the Fort Wayne Engineering and Manufacturing company's office, have returned home after a visit with relatives and friends in Louisville, Ky.

Ray Harper and family left today for Detroit in their automobile. Thence they will travel in the same manner to Toledo, their future home. Mr. Harper will engage in the automobile trade with his brother. He is an electrician and for several years was at the head of that department at the Wayne Knitting mills.

ELKS TO GIVE BIG SOCIAL.

Swinney Park Will Be Gorgeously Decorated for Event Next Month.

Arrangements are being made by Fort Wayne Elks lodge, No. 155, for one of the biggest socials ever staged in Fort Wayne. With weather permitting the event will be held on the evening of July 24 at Swinney park, and among other items of interest on the program besides the band concert will be a number of vaudeville acts, to be brought here especially for the occasion.

The park will be decorated and arrangements will be made for entertaining Elks from all parts of northern Indiana.

We lead, let others follow.

LEASES PETERS' ISLAND.

Eggeman Family to Summer on Beautiful Plat at Rome City.

Judge John W. Eggeman has completed negotiations for a summer lease on Peters' Island at Rome City and with his family is moving to the beautiful resort. Several Fort Wayne families are moving to the lake this week to remain during the entire summer.

Misses Mary and Phyllis Randall returned today from Brooklyn, N. Y., and with their parents, Mr. and Mrs. A. L. Randall, will go to Rome City tomorrow to spend the summer.

Parents, bring your boys and let us fit them out, as we are better equipped to do than any other store in Fort Wayne.

PATTERSON-FLETCHER CO.

RECEPTION FOR BALL TEAMS.

University of California Players Arrived in Japan.

Tokio, Japan, June 27.—Arthur Bailly-Blanchard, charge d'affaires of the American embassy, today gave a reception in honor of the baseball teams of the Keio University of Japan and the Leland Stanford, Jr., University of California. The members of the California team will sail tomorrow on board the Knippun Maru for San Francisco.

Shirts for boys with separate collar to match. Prices 50c and \$1.00.

PATTERSON-FLETCHER CO.

GOES AFTER DELINQUENT MAN.

Parole Officer Will Get Law Violator in Kent, Wash.

Michigan City, Ind., June 27.—Parole Officer J. A. White, of the state prison, will start for Kent, Wash., tomorrow to bring back Robert Hardin, who fled under parole eight years ago from Laporte county. Hardin was sent up from Lawrence county to serve two to fourteen years. He now served seven years and four months.

Bathing suits for the boys, plain blue and white or grey and white trimmed, from 25c to \$2.50.

PATTERSON-FLETCHER CO.

BLACKMAIL ATTEMPT CHARGED.

South Bend Man is Arrested as He Calls South Bend, Ind., June 27.—Frank Martindale, alias Charles Parker, was arrested yesterday charged with attempting to blackmail F. A. Labuzienski, a laborer at the Pennsylvania shops, by threatening to assist the temperance forces in prosecuting him for selling liquor on Sunday if he refused.

Labuzienski took the letter to the police and Martindale was arrested this morning as he stepped to the general delivery window at the postoffice and called for mail addressed to Charles Parker.

MALLOY'S
For Your 4th of July Hat.

1018 Calhoun Street.

CITY IN URGENT NEED OF HOUSES

Commercial Club to Co-operate With Labor to Relieve Situation.

WANT NEW RAILROAD

Co-operating with the Fort Wayne Federation of Labor, the Commercial club is making arrangements to investigate the reported scarcity of houses in Fort Wayne and efforts will be made as quickly as possible to relieve the situation here. Houses are badly needed, and it is almost impossible for the workingmen coming to Fort Wayne to find vacant residences. To take up this matter President William M. Griffin, Chairman T. F. Thiene, of the city interests committee, and Chairman Van B. Perrine, of the manufacture and commerce committee, will act as a committee, and will be assisted by other members of the club, whom they shall name later.

Some time ago the Federation of Labor sent a copy of resolutions adopted by that body to the Commercial club. The resolutions pointed to the urgent need for more houses in Fort Wayne and at that time it was also resolved to direct communications to other labor unions in the state, telling the members of the needs locally. At its meeting Thursday evening, the Commercial club took up this matter and it has been decided to lend its assistance in remedying the scarcity of suitable residences for workingmen.

For New Railway.
The Commercial club has also inaugurated a movement that may ultimately result in the construction of a forty mile spur of railway connecting St. Mary's Ohio, and Fort Wayne, thereby creating the shortest possible railway route from Columbus, Ohio, to Chicago.

During the administration of George W. Beers as president of the club, this matter was taken up with President W. C. Brown, of the New York Central lines, but it was reported then that the company was not financially able to carry out the proposed plans.

The club has again revived this project, and at the next meeting of the board, S. K. Blair, superintendent of the Fort Wayne division of the Nickel Plate, will be asked to address the members on this subject. The plan as set forth by the Commercial club is to connect Fort Wayne and St. Mary's Ohio, by building a forty mile track on the Toledo and Ohio Central division of the New York Central lines. This would give a direct route from Columbus to Chicago, of but 291 miles, while the shortest route now is 302 miles. This question is of vital interest to manufacturers and shippers and the outcome of the proposition will be watched with interest.

New Members.

Besides naming F. E. Bohn as a member of the board of directors to succeed M. J. Kuchop, resigned, the club received the following new members: W. O. McBride, W. C. Rogers, W. M. Leonard, W. A. Borgman, F. J. Grier, W. L. Morris, C. H. Landwehr, A. E. Phillips, H. J. Evans, J. H. Evans, P. O. Morganthaler, George H. Crouse, Max Zell, August C. Borgman, F. W. Tilker, Joseph F. Zurbuch, A. C. Richards, Earl Reeves, C. J. LaMont, E. J. Rippe and R. S. Bradley.

See our line of soft French cuff shirts, \$1.00 to \$5.00.

PATTERSON-FLETCHER CO.

TRAVELS MANY MILES ALONE.

Three-Year-Old Child Reaches Hartford City from St. Louis.
Hartford, Conn., June 27.—Three-year-old Mabel Wilson, daughter of Mrs. Ida Wilson, arriving in this city today after traveling alone from St. Louis. The girl with her mother had been visiting in Kansas City. En route the mother was taken sick in the station at St. Louis and was sent to the City Hospital. The child was put on the train with a letter asking the trip without a mishap. Arriving in this city she was met by a liverman, who drove her to the home of her grandmother in the country.

Keep cool, boys, by wearing cool summer underwear, short sleeves and knee length, 50c and \$1.00.

PATTERSON-FLETCHER CO.

CITY BREVITIES.

R. G. Hungeate, of the Ben Hur Causality company, of Crawfordsville, was in the city yesterday on a business trip.

Charles Eby, son of Charles Eby, of 2133 Spy Run avenue, suffered a fractured arm Thursday afternoon when he was thrown from the Charles Kasbaum delivery wagon as the horse started to run away.

Olliver G. Rife, in charge of the local recruiting station for the navy department, has returned to duty after having been confined to his home for three weeks with a severe attack of rheumatism.

The Bob-o-Links club, an organization which flourished in the '90's, will hold a picnic reunion at Centerville park next Sunday. Music, speeches, races and various other sorts of amusement will be features of the day.

The first summer reception of the Knights of Columbus membership club will take place at Robison park Monday night, June 30. The following committee for the occasion has been appointed: A. J. Pranger, chairman; R. J. Aurentz, C. H. Allgeier, A. Jockel, R. Hoffman, T. Harkness, P. Riley, J. G. Schulteis and C. Mettler.

Superintendent Frank Dix, of the city lighting department, made a thorough inspection of the lighting tower at Concordia college yesterday and is of the opinion that William Gebhard fell to his death after having touched a wire in climbing around the tower. The wiring was found to be perfect and in no way connects with the structural steel of the tower. Coroner E. H. Kruse will conduct his inquiry Saturday afternoon at 4 o'clock.

Theodore Wentz, cashier of the German-American National bank, received a letter this morning from W. H. Shambaugh, who with a party of Fort Wayne business men is fishing in the vicinity of Battersea, Ont. The communication announces in solemn tones that W. C. Rastetter, a member of the party, laughed so heartily at W. H. Scheiman's efforts to land a big fish that he fell from the boat, but was rescued by C. A. Wilding, Mr. Shambaugh and Theodore F. Thiene.

Dr. W. O. McBride, of Mariette, Wis., has arrived in the city to take up the practice of medicine.

WE want every man who is going to buy a suit in the next two days and spend from \$10 to \$20 for it, to make it his business to visit one of our stores. Over 1,000 suits to select from at each store. If they are not \$15 to \$18 values at your estimation, don't buy them.

AT THE JEFFERSON

This is Jubilee night at the Jefferson and a fine array of talent has been engaged consisting of two professionals and three amateurs. This is going to be a feast of mirth and laughter; look over the talent: Ralph Patterson, late soloist with the Wittenburg College Glee club; the Georgia Rosebud, late prima donna with "Way Down South" company; Shifflin Sam "Pick," buck dancer; Dick Hartzler, baritone, always on the job, and those boys, Hayes and Finn. The picture, a two-reel feature, "The Badge of Policeman O'Roon," one of O. Henry's stories visualized in the same snappy manner as the story is told.

The Battle of Gettysburg.
Presented in five parts, not only shows in vivid action the storming of Little Round Top and Pickett's immortal charge, but also all the salient features of that great battle. Thousands of troops were utilized in this undertaking, tons of ammunition were fired, and war is shown in all its lurid phases. Running through the scenes of brave deeds is a charming love story. At the Jefferson, July 4 and 5.

AT THE EMPRESS

The Empress tonight in addition to its regular bill will have for the extra good feature, "Plantation Days," singing, dancing and comedy antics by local colored talent. Nearly a dozen colored entertainers have been arranged for, and the entertainment they will offer will be both varied and interesting. There is a quartet, dancers, comedians and what not.

All of this is in addition to the regular five acts and Kinemacolor pictures. There is much to amuse in the current bill, and in spite of the torrid weather, one can spend with comfort an hour and a half in the Empress any afternoon or night. Additional cooling apparatus is being installed and will be ready by tonight, so that the temperature inside the big playhouse will be materially lowered, once it is in operation.

Bathing suits, 50c to \$5.00.

Are These Two Babies Just Brother and Sister, or Are They Really, Truly Twins? English Doctors Puzzled.

(By Wm. G. Shepherd.)

Barrow, England, June 27.—Tush with doctors' books! Down go medical theories.

Little Herbert and Mary Pickup have come into the world with a "bang" that is still reverberating throughout civilized medical circles. And the sagacious doctors and scientists are scratching their heads, for though the institution of birth is about the oldest thing we know, yet this pair of babies has rung a brand new change on it.

It was worth coming 300 miles from London to see them lying in their cradle—just sleeping—while the doctors puzzle. In all medical history storks have never behaved this way before.

"Did one stork bring the two babies, six weeks apart, or was it two storks, bringing a baby each?" That's the query the doctors are trying to settle.

But I'm going to tell the story that Mrs. Nellie Pickup told me, as she sat by the fireplace, holding her youngest baby in her arms:

"It was on February 24 of this year that Herbert, the first baby, was born. He was a fine, healthy little fellow. I rested a couple of weeks and then I felt so well that I got up again and began to watch household affairs.

"But one day the doctor told me I would have to go to the hospital for an operation. I told him I thought that foolish—that I knew the stork was coming to our chimney again. But the doctors couldn't believe it; they said it was impossible. You see, they were working by their doctor books and not by my condition.

"Six weeks passed. I wasn't feeling very well on the morning of April 4. My husband went to business and my two sons, who are twelve and nine years old, went out to play before school. I knocked on the wall that separates our flat from our neighbor, Mrs. Colperthwait, and she came in. An hour later Mary Catherine was born, and she's just as fine a baby as I ever saw. Look how she laughs!"

And Mary answered a chuck under the chin with a happy little gurgle.

"Are they twins?" I asked.

"Indeed they are not. The national insurance board is puzzling over the matter. After Herbert was born and before Mary came, they gave us the maternity benefits of thirty shillings. You see, it wasn't one stork that brought the two babies, but it was two storks, six weeks apart. We've applied for another benefit for Mary, but we haven't got it yet."

Mrs. Pickup then showed me a statement signed by Dr. T. T. Macklin, of Whalley, England, who attended the case, asserting that the whole puzzling thing was a mix-up between two distinct storks, who, in some way or other, got their engagements confused!

And I talked to the happy father, too.

"Strangest thing that ever happened," he said. "I always wanted a girl. We have had three boys, and I admit I was a little disappointed when Herbert came last February. I was at business on the morning of April 4, when I got a call to come straight home. I was afraid my

MRS. PICKUP WITH HERBERT AND MARY CATHERINE IN HER ARMS.

wife had been taken ill and so I rushed down the street toward the house. A neighbor woman stopped me and said: "Well, you've got your wish!"

"What wish?" I asked.

"A daughter," she said. "Baby was born only six weeks ago."

"You go home and look," said the neighbor woman.

"I ran into the house like a storm, I guess, and sure enough, there was little live."

Mary Catherine in her mother's arms. You could have knocked me over with a feather. I think I laughed for five minutes. Happy! Here I was thinking that my wife would have to go to a hospital and, instead of that, I found that my great wish for a daughter had come true."

Herbert weighs nine pounds and Mary eight, and the doctors say there is every reason to believe that both of them will live.

FALLS AND BREAKS LEG.

Mrs. Amanda Bates Injured at Her Home as Guest Depart.

After spending a pleasant evening entertaining the members of her Sunday school class, Mrs. Amanda Bates, aged 50 years, of 727 Taylor street, fell upon the steps of her home as she was bidding the guests good night about 10:30 Thursday night and fractured her left leg between the knee and ankle. She was carried into the house and Dr. W. D. Barnhill was called to set the injured limb. The fracture is not a serious one.

GERARD IS ACCEPTABLE.

Germany Looks Kindly on Selection for Ambassador.

Berlin, June 27.—The selection of Justice James W. Gerard, of the New York supreme court as United States ambassador to Germany was received by the German foreign office yesterday and forwarded immediately to Emperor William, who is attending Kiel regatta. The nomination was favorably received in official circles and it is believed that the appointment of Mr. Gerard will be accepted without any delay.

ROOSEVELT MAY TOTE PISTOL.

Gets Permission Without Supplying Affidavit of Character.

New York, June 27.—Colonel Theodore Roosevelt and District Attorney Charles S. Whitman, both have permission to carry pistols. Reports some time ago that they had applied for such permission were confirmed by Magistrate Corrigan when he told fellow magistrates at a meeting in Lynn yesterday that in issuing the permits he had waived one of the chief requirements of the law and had asked neither of the applicants for an affidavit of character.
